2012

THE ALL AMERICAN CUP
The All American Cup Is....
THE LARGEST PAYING EVENT
IN SADDLEBRED HISTORY!!!

Founded in 2004
Awarding a World Record
$1,797,534.00

Since the founding, there have been
13 Weanling, Yearling and Three Year Old
classes in which 26 champions and reserve
champions have been crowned.
WHAT FOLLOWS IS AMAZING!

These 26 grand young champions were
sired by 23 different AAC Stallions.

SEE INSERT
WITH APPRECIATION
THE FOLLOWING MAKE THE WHEELS TURN AT THE ALL AMERICAN CUP

In Only 8 Years!
The Ultimate In American Saddlebred Competitions

THE ALL AMERICAN CUP

Special Aikman Breeders Incentive Award

A special premium will be awarded to the owner of any animal who wins first or second as a weanling and repeats with a first or second as a three year old.

One half of the accumulated purse will be awarded to the owner of record of horse when it was a weanling and one half will be awarded to the owner of record when it was a three-year-old.

The purpose of the Aikman Breeders Incentive Award is to encourage participation in both categories and to establish that GOOD SHOW COLTS do make GOOD PERFORMANCE HORSES.

Catron Family Sire Trophy

This magnificent perpetual trophy is given to the owner of the stallion who sired the All American Cup Weanling Champion. This sire trophy is provided by the Kenny Catron family.
This beautiful trophy presented to the Three Year All American Cup Champion is provided by Kalarama Farms and Joan Hamilton.

Andrea Hartmeyer Johns
Original Art

PRESENTED TO ALL AMERICAN CUP ATTENDEE

About the Artist

What a thrill it is for Andrea Hartmeyer Johns to participate in the All American Cup.

Andy was born into a Hoosier American Saddlebred family and has the fondest memories of the Indiana State Fairgrounds. One of Andy’s most vivid memories is seeing Jim win the weanling stake with the filly Lotta Firefly in the late 1960’s.

Andy enjoys introducing her beloved Saddlebreds, Hackneys, Morgans and now dogs to art lovers across the country, participating in many juried art shows. Her work has been featured in numerous national publications, promotional products, galleries, and in private collections throughout the world. Known for her realistic images as well as the unique, colorful contemporary paintings, she welcomes you to visit her websites: AndysEquineArt.com and DandyDogArt.com. Commissioned portraits are her specialty.

Andy is very grateful to the American Saddlebred community and is never happier than when watching Saddlebred lovers and their horses show…and later painting them.

Best wishes and congratulations to the creative, indefatigable Jim Aikman and the phenomenal All American Cup staff.

The ALL AMERICAN CUP says “THANKS” To:

Elisabeth Goth and some old “guy” who have provided 150 FREE seats on the AAC luxury coaches to the greatest riding students in the world.

How about those autographed pictures of Elisabeth Goth and the great National Champion - FORT CHISWELL’S ROYAL KISS that she is giving to every riding student on the AAC Stallion Tour.

Mary Gaylord McClean asked if she could provide the breakfast and sack lunches for these riding students. Did you know that Mary has won a record of 200 World Championship titles? Mary loves those “kids”!!

Kaye Bowles-Durnell also asked to help provide the meals for our riding students. I will bet you have all cheered for and been thrilled by her magnificent - I’M LOOKIN’ FOR YOU, one of America’s very best show horses and sires.

Don Harris - Always a gentleman - always a HOOSIER and always willing to help the ALL AMERICAN CUP. This book is not large enough to list Don’s many accomplishments. He wanted to be a basketball coach, but - WE GOT HIM.

Amy Kaufman - Amy lives in Simpsonville, manages “MY BAND,” donating the music and her talents for our pleasure this evening. Amy owns stallions and has been a Saddlebred lover all of her life. - One more person - “GIVING” to the AAC.

Howie Schatzberg - the man behind the lens - great photographer, insisted on providing the 200 pictures of Elisabeth and Royal Kiss which Elisabeth has autographed for the AAC riding students.
Peter Fenton - I call him - ‘THE VOICE.’ Peter has been the congenial Master Of Ceremonies for every AAC Stallion Review and Auction - always donating his valuable talent and time.

R.H. and Leslie Bennett - tireless, giving, and talented - they have donated so much to the AAC. Their efforts are making it possible for thousands - from coast to coast - to view the very first AAC FREE Web cast - another FIRST!!

Steve Kildow - everyone knows Steve-a breeder of Premier Hackney ponies - many World Champions-but I know him as the man who has kept the AAC well oiled and has worked tirelessly preparing the beautiful stallion pictures that will be seen on the screens and national web cast.

The ALL AMERICAN CUP says “THANKS” A MILLION for providing The Stallion Review - THE GREATEST SHOW ON EARTH.

Melissa Moore - SUNRISE STABLE, Versailles, KY 1-859-873-9129 • Email: mmoore8059@aol.com

FUNDING FOR THE ALL AMERICAN CUP
Funding is realized from the sale of Stallion Services that have been donated by stallion owners. All services will be sold at the All American Cup Auction. A starting bid of $500 has been guaranteed by the Stallion Service Donor. The next bid must be $600, with each subsequent bid a minimum of $50. All services will be sold, there will not be any “No Sales”. Mail and/or phone bids are encouraged prior to the auction.

BIDDING
Bidding can be done by telephone, fax, e-mail, or in person at the auction. Telephone and fax bids must be submitted to Jim Aikman at 317-862-4341 or cell 317-697-2484. E-mail bids must be submitted to Jim Aikman at allamericanup@yahoo.com. The deadline for e-mail bids is noon on Friday January 20, 2012.

It is our intent to keep bidders appraised by telephone of their bid position.

NEITHER THE ALL AMERICAN CUP NOR ANY OF ITS REPRESENTATIVES WILL BE RESPONSIBLE FOR ANY ERRORS OR OMISSIONS.

THE ALL AMERICAN CUP AUCTION is an interesting and entertaining event. You are encouraged, and it is in your best interest, to be in attendance. All stallion services must be paid in full at the auction. A fee of $100 will be charged on any NSF returned checks.

Neither THE ALL AMERICAN CUP nor its representatives will intervene between the purchaser of the stallion service and the stallion service donor. All contracts, arrangements, and negotiations that may arise on the service of any mare designated for THE ALL AMERICAN CUP will be strictly between the mare owner and the stallion owner.

A refund, in the amount paid for the purchased stallion service, will be made only if the stallion dies or becomes unusable before the mare has been bred and/or has conceived by the stallion.

THE ALL AMERICAN CUP will retain 10 percent of the auction proceeds for administrative purposes.

The terms and conditions for each stallion are listed in the catalog. THE ALL AMERICAN CUP and its representatives are not responsible for any errors or omissions. The Terms and Conditions for purchasing a Stallion Service from a deceased stallion are common for all deceased stallions. Frozen semen will be available from the deceased stallions offered for sale at THE ALL AMERICAN CUP Auction. The terms are as follows: (1) Two (2) breeding doses will be shipped for breeding the designated mare for a heat cycle. (2) A maximum of two (2) shipments will be the limit of semen shipped. There will not be any exceptions. (3) The purchaser of the stallion service is responsible for costs incurred in the shipping of the semen. (4) THERE IS NO RETURN PRIVILEGE. It is strongly advised that a qualified veterinarian or technician be employed to breed the designated mare.

NOMINATING THE STALLION
Stallions may be nominated to THE ALL AMERICAN CUP by the Owner donating one Stallion Service to the annual auction.

It is the prerogative of the Stallion Owner/Donor to offer a “return privilege” in the event the mare does not get in foal. Return Privilege does not constitute any eligibility into the All American Cup for the following year. NOTE: THE ALL AMERICAN CUP appeals to Stallion Service Donors to offer a RETURN SERVICE.

In the event a stallion does not receive a $600 bid, it is the responsibility of the Stallion Service Donor to make the required $500 guaranteed bid fee. In the event this fee is not paid, the said stallion will be excluded from all future All American Cup auctions until said payment and any penalties are paid to The All American Cup. After payment, future donations will require a prepayment of the guaranteed bid. If the stallion sells in the auction, the prepayment will be refunded.

STALLION SERVICE DONOR – DECLARING THE MARE
Stallion owners who donate a breeding fee to THE ALL AMERICAN CUP may also DECLARE one mare in foal to the Stallion, at a cost equal to the exact amount that was paid for the Service in the auction, but not to exceed $800. The donor of the Stallion Service does not have to own the Mare that is to be DECLARED. The resulting foal will be eligible for both the Weanling and Three Year Old divisions of THE ALL AMERICAN CUP. THE STALLION DONOR DECLARED MARE MUST BE DECLARED PRIOR TO DECEMBER 1, OF THE YEAR THE MARE WAS BRED.

STALLION SERVICE BUYER – DECLARING THE MARE
A Mare Declaration Form will be mailed to the Stallion Service Buyer. A copy of the designed mare registration papers must be returned to THE ALL AMERICAN CUP c/o Jim Aikman, with the declaration form and must be postmarked by December 1, of the year the mare is bred. A grace period will not be granted.

EMBRYO TRANSFERS:
Foals sired by Stallion Services purchased in the All American Cup Auction that are produced by embryo transfer are eligible to compete in the All American Cup subject to the conditions listed below.

1. Mare owners may nominate only one specific embryo transferred foal per stallion service purchased. Stallion owners who purchased their own service may nominate only two embryo foals by any one stallion; one as the (Buyer) - one as the (Donor). 2. When the mare owner intends, or elects to breed to the same stallion, and collect multiple embryos for multiple foals, the mare owner must declare, prior to December 1, one breeding date, one flushing date, and implantation date of choice. The resulting foal from that breeding shall be the designated foal that is eligible for the All American Cup.
3. In the event the Stallion Service Donor purchases his own Stallion Service and intends, or elects to breed the designated mare and collect multiple embryos for multiple foals, the mare owner must declare prior to December 1, two breeding dates, two flushing dates and two implantation dates. The resulting two foals from these breedings shall be designated foals that are eligible for the All American Cup.

4. The All American Cup administration will furnish documents to the mare owner to be used by the transplant professional. These documents will contain a signed statement that the professional, on a certain date, removed an embryo from the designated mare and (a) transferred it to a surrogate mare (b) shipped the embryo to a third party for implanting by another professional at another location.

The document will also require that the implantation was successful in producing a pregnancy that is confirmed by ultrasound after 30 days from implantation.

The date of a successful flush of the nominated mare must coordinate with the breeding date reported by the stallion owner on the Stallion Service Report which is filed with the AMERICAN SADDLEBRED HORSE ASSOCIATION before October 30. The AMERICAN SADDLEBRED HORSE ASSOCIATION will be asked to confirm this breeding date.

The date of foaling will be furnished to the All American Cup administration. For the foal to be eligible for competition in the All American Cup events the foaling date cannot be more than 365 days from the date of implantation in the surrogate.

Embryo foals will then follow the established procedure for registration by the AMERICAN SADDLEBRED HORSE ASSOCIATION prior to entering competition in the All American Cup class.

9. In the event the mare you are DECLARING is having multiple foals from the same All American Cup Stallion, you may choose the desired foal (prior to birth) by submitting the required form prior to December 1 of the year bred. The form requires all embryo breeding dates for the DECLARED mare be listed, including the stallion. The mare owner is required to declare on the form the foal that will be designated as the All American Cup foal. (Forms may be obtained by contacting Jim Aikman).

Any protest regarding the eligibility of an entrant produced by embryo transfer will be heard by a committee appointed by the All American Cup administration. The decision of this committee will be final and not subject to appeal. All costs incurred by the above procedure shall be the responsibility of the person making the declarations.

ENTERING THE WEANLING – DECLARATION TO SHOW

In order to show, all entries must be declared on an official All American Horse Classic entry form with all office fees paid and returned to the show secretary as required. There is a $50 DECLARATION FEE which must be paid by 12 Noon. on the day prior to the class.

In order to show as a weanling the foal MUST be registered on or before day of Class, of the year of the competition. There WILL NOT be a grace period granted.

If not shown as a Weanling, the foal MUST be registered by December 31 of the foaling year to be eligible in the 3 Year Cup or any of the Indiana Open Futurity classes.

ANY WEANLING SHOWING IN THE ALL AMERICAN CUP WILL BE SUBJECT TO THE PERSON DECLARING ANY MARE MUST NOMINATE THE SAME MARE THEY HAVE DECLARED INTO THE WEANLING OPEN DIVISION OF THE INDIANA FUTURITY. INDIANA FUTURITY FORMS WILL BE MAILED TO MARE OWNERS ON APRIL 15, WITH PAYMENT DUE ON MAY 1.

WEANLING CLASS PROCEDURES

THE ALL AMERICAN CUP Weanling Ring Procedures.

Each weanling will enter the ring, one at a time, at a trot and will show in a fashion to allow the entry to look its best. After showing at the trot, the entry will then return to the judges and pose for conformation evaluation.

The weanling will then be dismissed from the ring. A minimum of eighteen (18) will then be asked to return to the ring for final judging.

Entries will again enter, one at a time, as described in item #1 and remain in the ring for final placing.

The class will be tied to sixteen (16) places. There will be two (2) alternates. Eighteen (18) entries may or may not be excused.

Eighteen (18) entries will be placed and will be introduced individually.

Placing of entries will be announced in reverse order from 8th to 1st, 9th through 16th will be announced in numerical order.

Handlers are REQUIRED to wear formal attire.

Prize monies will be paid to sixteen (16) places with two alternates.

DISTRIBUTION OF PRIZE MONEY FOR THE ALL AMERICAN WEANLING CUP IS AS FOLLOWS:

WEANLINGS: Prize money will be awarded for places 1 through 16. Places 7 through 16 will be awarded as shown below ($21,500) The remaining money will be awarded to first through sixth place as shown below.

PROCEDURES FOR SHOWING IN THE ALL AMERICAN THREE YEAR OLD THREE GAITED CUP
This class procedure to be shown under United States Equestrian Federation Special Class Rules as Follows:
The entries may be stallions, mares, or geldings.
Entries may be shown by an amateur or professional.
Tail may or may not be set.
Horses are to be shown both ways of the ring at a walk, trot and canter.
Horses may be shown at any other horse show as a Park or Open Three Year Old Three Gaited entry.
If a qualifying class is required, it will be limited to a maximum of 18 entries per section. The judges will choose selected entries from all sections for a total of 18 entries to come back to compete in the THE ALL AMERICAN THREE YEAR OLD THREE GAITED CUP. The judges will not select a fixed number from each qualifying class (section). All Championship and qualifying classes will be held at All American Horse Classic. All qualifying classes will be scheduled at discretion of AAHC.
Entries are required to DECLARE intent to show by 12 Noon on day prior to qualifying classes. A fee of $50.00 is required with the DECLARATION.
The entry-may-not-show in both divisions.

REQUIREMENTS FOR ELIGIBILITY INTO THE ALL AMERICAN THREE YEAR OLD THREE GAITED CUP.
To maintain eligibility into the Three Year Old Three Gaited All American Cup:
The declared/eligible animal must have been nominated and kept eligible in the Indiana Open Futurity as a Weanling, Yearling, and Two year old.
The declared/eligible animal is not required to have competed in any of these futurities, but must be kept eligible.
The Stallion Donor into the All American Cup will be the recipient of 25% of any and all winnings by any entry in both the Weanling and 3 Year ALLAMERICAN CUP classes.
If an individual other than the original Stallion Donor assumes and makes the December 1 declaration and the appropriate payment, the 25% reward will still be made to the original Stallion Donor in both the weanling and Three year old class. For the reward to be awarded to someone other than the original Stallion Donor, a copy of an agreement signed by both parties must be provided with the Stallion Donor declaration form.

DISTRIBUTION OF PRIZE MONEY FOR THE ALL AMERICAN THREE YEAR OLD THREE GAITED CUP IS AS FOLLOWS:
ALLAMERICAN THREE YEAR OLD CUP: Prize money will be awarded for places 1 through 16 as shown below.
1st 35% 7th $3000 13th $2000
2nd 25% 8th $2500 14th $2000
3rd 16% 9th $2000 15th $2000
4th 12% 10th $2000 16th $2000
5th 7% 11th $2000
6th 5% 12th $2000

AIKMAN BREEDERS INCENTIVE AWARD
Any animal that wins either first or second place in the All American Weanling Cup and All American Three Year Old Cup is eligible for the Aikman Breeders Incentive Award. In the event two animals are eligible, the award will be split. The distribution for each animal will be one half of the accumulated purse will be awarded to the owner of record of the animal when it was shown as weanling and one half will be awarded to the owner of record when it was shown as a Three year Old. The same distribution will be applied if only one animal is eligible.

REMEMBER
When selling an ALL AMERICAN CUP eligible entry, remember to advise the buyer that the animal is eligible to be shown as a weanling and later as a 3 Year Old. All premium money will be paid to the recorded owner as of the day of the class. Prize money will not be distributed until after clearance/approval from Drug Testing and DNA verification.
Agents and/or owners making entries in THE ALL AMERICAN CUP are responsible for making payments when due. Representatives of THE ALL AMERICAN CUP assume no responsibility for reminding participants of payment dates. If a previously nominated horse is sold, it is the seller’s responsibility to notify the new owner of the payment due dates.
It is, however, strongly suggested that notification of any sale be sent to THE ALL AMERICAN CUP administration so that they can help keep the buyer advised of their responsibilities.

All correspondence and fees should be made out and sent to:

Growth Factors and the Breeding Operation
Improving the fertility rate for mares and stallions

BY CYNTHIA MCFARLAND

RACING FANS around the world breathed a collective sigh of disappointment last spring after Horse of the Year Zenyatta was found not in foal after initially being declared pregnant on her first breeding to Bernardini. Fortunately, the multiple Eclipse Award-winning mare was bred back that same season and is expecting her first foal in 2012. While the pregnancy of a popular and successful mare like Zenyatta makes headlines, countless broodmares around the world face much more challenging breeding situations, but will never warrant editorial space in a trade publication.

Researchers have proposed that the most important result of growth factor use in stem cell activation is the ability to revitalize the body’s immune system and defense mechanisms. Whether through the natural aging process and/or exposure to environmental chemicals, internal and external cells in the horse’s body degenerate. By using specific growth factors, which cause rejuvenation and regeneration, in many cases this immune system damage can be reversed. This holds great significance in the world of reproduction. In mares, stem cell activation stimulates the cellular structure of the follicle and oocyte formation in the early stages of embryonic development for a period of two months before she is bred. There are literally trillions of stem cells in the horse’s body that must be turned on. This is why SGF-1000 has an activation period of four weeks. During this time, stem cells continue to proliferate and new cells, which need to be activated, are constantly being produced. For best results, SGF-1000 should be incorporated into the preparation period four to eight weeks before the mare is actually bred, and in the case of stallions, about 12 weeks before the breeding season begins.

In stallions, the product has been shown to enhance semen fertility and motility rate. In an initial trial using a 26-year-old Thoroughbred stallion, SGF-1000 increased the horse’s fertility from 60% to a remarkable 90%.

“Current research clearly shows that growth factors play a major role in cell growth and proliferation – processes that are vital to follicle growth and spermatogenesis [the process by which sperm are made in the male reproductive tract],” noted Katherine Wilkie, director of lab services at MediVet America.

Both stallion and mare owners have found the product helpful. In several cases where retirement from breeding seemed inevitable, SGF-1000 reversed fertility problems and successfully kept in the breeding program the mares and stallions being treated.

“Owners and farm operators around the world have turned to SGF-1000 for bringing back leading stallions whose percentages have dropped,” Delk said. “Now is the time to begin using it, as it takes three months to change the spermatogenesis for motility, et cetera.”

SGF-1000 Biological Breeding contains no drugs or chemicals, and is administered by a veterinarian using intravenous injection at the desired site. It can be used year-round or according to budget considerations, just for breeding season.

MediVet offers breeding program specials, which may be especially appealing for operations with a large number of horses.

SGF 1000 Biological Breeding
Apart from all other biological breeding product on the world market providing huge benefits to the stud breeding world for all animal species.

Of prime significance is the alarming fact that the human fertility rate in males has decreased by 40% over the last 20 years with the main cause being the effect of chemicals.

The decline in fertility levels has been well documented as one of the major concerns for breeders. This is the case for both male spermatogenesis fertility and female reproduction whilst the impact of problems associated with the female immune system has affected the viability of valuable mares and super cows as breeding propositions.

MediVet offers breeding program specials, which may be especially appealing for operations with a large number of horses.
